

NEXIS-PLATFORM

You're in control

Build the platform that suits your needs

ATM security is a challenge at the best of times
The Nexis-Platform by Sec Eng Systems, allows you to decide when and where to deploy security for your ATM fleet.

Nexis is based on our sound range of products such as:

- A-GAS hydrocarbon detection system for ATMS
- E-FIELD anti skimming detection
- Shadow Shield Jamming system
- Ability to fully interface via a 4-wire Communication bus with the SED-Secure
- Changing settings or receiving alarms can be done locally or remotely via the SED-Secure communication platforms
- No extra inputs required
